

# Highfields/ Kratzke/ O'Brien roads intersections Service relocations

February 2024  
**UPDATE**

From early February 2024, Council will commence works to relocate major services as part of early works for the Central Highfields Intersections project. These works will continue into the second half of 2024.

Council advises during this time there will be temporary staged road closures at the intersections of:

- Highfields Road and Kratzke Road
- Highfields Road and O'Brien Road

A temporary connection road will be constructed on the northern side of Highfields Road to maintain local connections. This will be used in conjunction with temporary detours using two options:

- Highgrove Drive
- Polzin Road

**Access to businesses and residential properties, Highfields Cultural Centre, Aquatic Centre, and Library/ Customer Service Centre will be maintained via O'Brien Road, Balmoral Road and Rogers Drive.**

As part of these works it is expected there will be short term changes to traffic conditions at the intersections of Highfields Road and Lauder Drive, and Highfields Road and Rogers Drive, such as temporary lane closures and detours. More details will be provided ahead of these possible changes.

Please refer to the map overpage for further information.

## Other road works in the Highfields area

Council advises there are multiple road construction projects planned and currently under way in Highfields. These works noted below are vital to the Region and due to funding requirements must be completed by the end of this financial year. We are unable to avoid the timing overlaps.

- Flood recovery works on Woolmer Road, which will be followed by works on Cawdor Drive.
- Kuhls Road Rehabilitation (Stage B and Stage C).

We ask residents to be aware of the road closure impacts and be prepared to plan their routes as these changes take place. More information on these projects, including detour routes, is available via the websites below.

Council thanks businesses and the community for their patience and co-operation during these works and apologies for the inconvenience.

## Further information

If you would like to be included on future email updates for any of these projects please contact Lara Nunn, Toowoomba Regional Council on 131 872 or email [yoursay@tr.qld.gov.au](mailto:yoursay@tr.qld.gov.au).
